Hello

I joined this because I'm basically the band geek from American Pie and have a story for everything. I grew up in the ghetto of Edinburgh, went to the third worst school I'm Scotland, I was a Sea Cadet for 8 years, I used to go to Christian Club (not church just Christian Club) I have had an array of shitty jobs from McDonald's to Phones 4 U to call centres. I have big boobies I love talking about and a plethora of awful date stories to share. I like to think I'm funny and dream of being a comedian, hopefully this site will help me get more of my stories out there.

Why is the website called bytestories.com?

This is a place for "byte-sized" stories and there is a 1500 character (about 250 words) limit for two main reasons. Firstly, we want you to know that "War and Peace" isn't required to leave your mark. Secondly, it takes about 2 minutes to read each story meaning you can head here whenever you want a quick (and entertaining) read.

If you would like to share a story or create your own eBook, simply head to bytestories.com, Register an account and click on the "Share a Story" button.
