My Girlfriend Getting a Tattoo in Cambodia

My girlfriend found a tattooist in Siem Reap, Cambodia. We went and visited him and he was a cool French dude. The tattoo shop was set up in a bar, sounds dodgy but we knew he was good (clean needles, etc). So my missus started her tattoo while I played pool about 5 metres away.

Some local Cambodians were doing some welding work on a steel frame.... covered in dry bungalow leaves.... NEK MINNIT the whole roof caught fire while she was getting a tattoo. Water was coming from everywhere. Heaps hectic. They got it out but there was now a massive fucking hole in the roof!

Missus then got her tatt finished and we laughed as we left.

Why is the website called bytestories.com?

This is a place for "byte-sized" stories and there is a 1500 character (about 250 words) limit for two main reasons. Firstly, we want you to know that "War and Peace" isn't required to leave your mark. Secondly, it takes about 2 minutes to read each story meaning you can head here whenever you want a quick (and entertaining) read.

If you would like to share a story or create your own eBook, simply head to bytestories.com, Register an account and click on the "Share a Story" button.
